WELCOME MESSAGE

Assoc. Prof. Worawong Slisatkorn, M.D.
Chairman of Aortic Asia 2025 committee

Dear Colleagues,

It is with great pleasure that we invite you to the **12th Aortic Asia**, which will take place from **22-24 May 2025** at the **Millennium Hilton Bangkok**.

Aortic Asia 2025 will provide a vital platform for specialists across Asia to come together and exchange knowledge and insights on the latest approaches in the treatment of aortic diseases. As advancements in technology and a multi-disciplinary approach continue to shape patient care, this conference aims to enhance collaboration among healthcare professionals, optimizing treatment strategies and patient outcomes.

This year's gathering will focus on fostering extensive discussions and collaborations within the Asian Aortic community, contributing to a deeper collective understanding of best practices for addressing the complexities of aortic disease. Over the past decade, despite the challenges of treating older patients with multiple comorbidities, significant technological advancements and innovative device designs have dramatically improved the landscape of aortic interventions.

In light of the surge of new devices and evolving techniques, we are excited to continue the exchange of data and experiences, focusing on how to treat aortic disease in ways that ensure durable, long-term outcomes. Topics of particular interest will include lessons learned from consensus approaches to aortic arch interventions, management of acute and chronic aortic dissection, secondary interventions, complex aneurysms, mycotic aneurysms, and endoleak management.

We are confident that this event will be both rewarding and enjoyable, and we look forward to welcoming you in Bangkok for what promises to be an enriching experience.

ABOUT THE SYMPOSIUM

Aortic Asia 2025 is a two day conference focused on addressing the challenges of aortic diseases, with updates on the latest evidence and decision-making in both common and complex thoracic and abdominal aortic conditions. The conference will cover both open surgical procedures and endovascular reconstruction, with expert Asian and internationally recognized physicians sharing their insights and experiences.

This event is designed for cardiovascular and thoracic surgeons, vascular surgeons, ICU and OR nurses, and all healthcare professionals involved in the care of patients with aortic diseases.

SPONSOR OPPORTUNITIES

This is a unique opportunity for your company to showcase your brand, engage with a targeted audience, and align with the latest advancements in aortic care. By sponsoring or hosting a workshop/symposium, you can customize the content to meet your company's marketing goals and reach a highly focused audience of healthcare professionals.

Key Benefits:

- **Customizable Workshops/Symposia:** Tailor the session to your company's specific objectives and audience, creating a platform to highlight your products and expertise.
- **Speaking Opportunities:** Secure one of four prominent speaking slots in the main congress to present your message to a captive audience.

Early Application Encouraged:

Sponsors are encouraged to apply early as sponsorship packages are reserved on a first-come, first-served basis. Don't miss out on the opportunity to maximize your brand's visibility and influence in the field of aortic care.
